Theme

Equal rights today. A freer, fairer tomorrow.

Statement

All people shall be respected as individuals.
Everyone shall be equal under the law, with no discrimination in any part of life.

These are not ideals for the future —
They are the rights guaranteed to us today under the Constitution of Japan.
Yet still, some are denied those rights.

Their love and their lives are left outside the law's promise of equality.
Marriage equality is one vital step toward life with dignity,
This progress leads to a society where respect, freedom, and fairness
are truly shared by all.

When we choose respect over ignorance and understanding over prejudice,
we move toward a future where everyone lives with pride.

What are Rainbow Washing and Pinkwashing?

Rainbow Washing

Used to criticize companies treating LGBTQ+ people as just a marketing target, capitalizing on them for profit without implementing any meaningful advocacy initiatives

Pinkwashing

Used to criticize the act of emphasizing an LGBTQ+-friendly mindset in order to cover up unflattering publicity, such as human rights violations or aggression.

Working toward a Tokyo Rainbow Pride where LGBTQ+ people, allies and all can live authentically, joyfully and proudly

Important Request Regarding Sponsorship

Making this an event for the LGBTQ+ community

Tokyo Pride 2026 places great importance on making each event a space where LGBTQ+ people can take part with peace of mind and a sense of empowerment. Therefore, we kindly ask that you consider the following when organizing your booths.

1. Does the content **contribute to the empowerment of LGBTQ+ people?**
2. Are **LGBTQ+ people's opinions considered** from the planning stage?
3. Does the content have elements that **contribute to the community, beyond just sales and PR?**
4. Does the content **contribute to raising awareness and understanding of diversity**, both inside and outside the company?

Key Points

Examples

- ⚠ Not being able to answer questions about your company's initiatives
- ✅ Researching basic terms and background information ahead of time; holding preparatory meetings

- ⚠ Making excuses, refusing to listen, not sharing feedback within the company
- ✅ Listening carefully; fixing things that can be improved immediately on the spot
